Objectives

1. Simplifies the WIG Session.

The best way to create an engaging WIG Session is to have visibility on the scoreboard and connection to the weekly activities. Whether the team is colocated or spread out all over the world, *4DX OS* allows you to bring the team together on one application. The *4DX OS* mobile app gives leaders and team members the ability to participate in WIG Sessions on the go.

App users can easily update their scoreboard:

- Make new high-impact commitments.
- Check off completed weekly commitments.
- Update WIG and lead-measure performance.
- Participate in WIG Sessions.

2. Creates organizational visibility and accountability.

The *4DX OS* app provides you with on-the-go access to see how your organization is executing on your must-win strategies. As a leader, you have a simple way of being able to see your team's execution performance and results in real time. You can quickly identify which team or individuals are struggling, and which are executing with a high level of focus on your Wildly Important Goals.

Simply put, *4DX OS* allows you to know where you are winning and where you are losing.

3. Sustains *The 4 Disciplines*.

4DX OS is an operating system for driving your most important goals. *4DX OS* allows you to easily isolate the key variables in the execution process that are off track, so you can coach team members on closing the key gaps.

Leaders can drive results by applying *The 4 Disciplines* with their teams, and *4DX OS* ensures that they will be able to maintain this discipline over time. It provides a simple way to run the process and reload again for new goals and new measures.
